Hey, looks like Mary Beth questioned this one while I was out. Are we OK or not to approve the CR?

Subject: Re: Fw: Transition Support

Sony was simply stating that in the case of Chapter 7 and liquidation, they would not be providing support and would request that the money be repaid. If CC is a going concern, in any fashion, the funding will apply.

Subject Re: Fw: Transition Support

I am not sure if this CR can be completed due to the following statement in the support:
"If ownership changes, or if Circuit City cannot / will not accept the three new models by month end, please note that any and all funding committed may be withdrawn."
Jason - Please advise.
Thanks,
Mary Beth

Thank you Ann for your confirmation. Sony will change the effective start date to January 11, 2009.
Thank you again for your continued support.

Subject: Re: Transition Support

Tish and Sean,
First, thank you very much for your continued support of Circuit City and the camcorder business. Your partnership is greatly appreciated.

Couple of comments, etc.....

One, is it possible to have the sales support include January 11th (yesterday) as well? We sold almost 350 units of the SR45 yesterday and it was extremely painful for the stores and our web partners from a margin perspective. Two, I completely understand the limitations for the funding. While we are all hopeful that CC will be a going concern and we will be in a position to transition to the new models, there is of course a possibility that things could take a turn for the worse. If that is the case, we understand that the funding would not apply. However, in the case that CC continues to be in business, we are in a great position to transition to the new models and we remain committed to take delivery of the new product late this month. We are excited for the year to come, and I look forward to doing more business Sony going forward.

Thanks again for the support,

Ann

01/12/2009 03:17 PM Subject Transition Support

Dear Ann,

As per our recent discussions, please be aware that Sony is poised and willing to assist you transitioning to the new models scheduled to ship at the end of this month. In order to help position you and to meet competition, Sony is offering the following transition support:

Model: DCRSR45
Support: \$40 Trailing Credit per unit on net sales
Quantity: Up to 3,000 units
Timing: January11 through January 31, 2009
Model: DCRDVD610
Support: \$40 Trailing Credit per unit on net sales
Quantity: Up to 5,000 units
Timing: January11 through January 31, 2009

Please note that there are some restrictions are being placed upon these funds. Two primary issues of concern to Sony are as follows:

1.) Circuit City Ownership may change, and
2.) Sony needs all assurances that Circuit City will put forth their best efforts to transition these existing two models (DCRSR45, DCRDVD610) and will place orders / accept delivery of the following three models by month end (DCRSR47, DCRSR67 and DCRDVD650);

If ownership changes, or if Circuit City cannot / will not accept the three new models by month end, please note that any and all funding committed may be withdrawn.

Although this is a very stiff penalty for non-compliance, it is required in order to have these funds made available to you. If you are unable or unwilling to comply, please advise in writing, and I will try to coordinate a conference call to discuss the details.

Sincerely,

Tish
